

# Eau Claire Sober Living

Eau Claire Sober Living (ECSL) is a substance-free, live-in community, that provides a safe and supportive environment for those seeking recovery. ECSL guides its residents through transformation, borne from a neuroscience-based recovery model, connection, healthy-living, and renewed self-awareness.

Regardless of the addictive behavior, ECSL can help. We do not believe that a one-size-fits-all recovery paradigm addresses everyone's needs. ECSL works with you to create a specialized program of transformation and recovery, within our sober living communities.

ECSL knows, that healing takes community, shared experience, and common goals to create a lifestyle that supports a lifetime of recovery.

Call for a free consultation or for more information.
